I. CHECKLIST FOR THE GUIDANCE OF THE BIDDERS

The Bidder (Contractor / Contract Firm) shall go through the 'Check List for the Guidance of the Bidders below thoroughly before participating in the Tender:

- 1) The total number of items in the work schedule is 1 No. and the Departmental value works out to **Rs. 1295676.00 for a period from 01.04.2020 to 31.03.2021**
- 2) Tenderers are requested to sign all pages in the tender schedule and must sign letter of application. Tenders which do not have the signature of the Tenderer in letter of application will be rejected.
- 3) Tenderers are requested to verify the number of pages in the tender schedule and number of items in the work schedule. Any clarification and further information required may be obtained from the Office of the Executive Engineer, TWAD Board, Maintenance Division, Dindigul on any working day.
- 4) The present tender document contains work schedule and price schedule. The tenderers are requested to quote the percentage variation over the Departmental value in words and figures in price schedule. If there is any discrepancy between words and figures, the lower among the words and figures will be taken into account.

All entries should be made legibly in ink. Writing the percentage variation first in pencil and later over writing in ink should be avoided and also over writing the corrections may be avoided.

Corrections if any should be made by neatly scoring out the unwanted matter and rewriting legibly. Every such correction should be attested by the full signature of the Tenderer.

5) **Eligibility:**

a) Physical Criteria:

- i. The contractor who has executed the CWSS for which, the Tender is now called for Operation & Maintenance, is NOT eligible during its defect liability period.
- ii. As per the provisions of contract labour (Regulations and Abolitions) Act 1970 (herein after referred to as the said Act) section 7, the tenderer should secure a license under the above said act and furnish along with the tender bid document.

b) Financial:

The Bidders should have a cash flow of 3 months of the O & M cost of Tender now called for. Evidence of access line of credit and availability of other financial resources, credit line certificates from the Financial Institutions should be enclosed in the prescribed format Annexed as Annexure – XI.

Bidders registered in TWAD under **Class – IV and above & well experienced for O & M works in CWSS** (i.e.) those who are eligible to take up the work costing up to **Rs. 15.00 lakhs** are eligible to tender for this work.

Bidders registered in other Departments and Undertakings of the Central or State Government in the corresponding class for taking up such work, who have carried out similar works of the same or higher magnitude are also eligible to tender for this work.

Bidders not Registered in the Board and who intend to participate in the tender, subject to their eligibility as above are requested to obtain a copy of the tender document from the office referred before submitting their Tender. They should furnish proof of their registration in the appropriate class and experience as indicated above while submitting their tenders, otherwise their tenders will be treated as non-responsive.

The tender received from ineligible Bidders will be treated as non-responsive. However, the successful tenderer will have to get himself registered in the Board in the appropriate class.

- 6) EMD should be paid for an amount **Rs.13000/-** in any one of the form given below:

Demand Draft drawn on a Nationalized Bank / Schedule Bank in favour of the Executive Engineer, TWAD Board, Maintenance Division, Dindigul Deposits at Call receipt of Scheduled banks pledged in favour of the Executive Engineer, TWAD Board, Maintenance Division, Dindigul.

Government Security and National Savings Certificate pledged in favour of the Executive Engineer, TWAD Board, Maintenance Division, Dindigul (Purchased within Tamilnadu)

Post office Savings Bank deposits pledged in favour of the Executive Engineer, TWAD Board, Maintenance Division, Dindigul

Fixed deposit receipts from Scheduled banks pledged in favour of the Executive Engineer, TWAD Board, Maintenance Division, Dindigul

Irrevocable Bank Guarantee as per Annexure – XII

Fixed Deposit Receipt should contain lien certificate issued by the Bank for encashment by department. The FDR furnished by the firm should also bear the signature of the authorized signatory on a revenue stamp at the back of the FDR.

No cheque will be accepted towards Earnest Money Deposit.

7) **SECURITY DEPOSIT**

- a) Security deposit equivalent to **2% of the value of the contract** will be collected from the successful Tenderer in the following form and manner within 15 days from the date of receipt of work order:

Form in which SD collected

In the shape of NSC / Post office savings Deposits valid for the required contract period and pledged in favour of Executive Engineer, TWAD Board, Maintenance Division, Dindigul and shall have the necessary transfer endorsement of the Post Office.

(OR)

Fixed Deposit for the required period from Nationalized Bank/ in favour of Executive Engineer, TWAD Board, Maintenance Division, Dindigul.

Irrevocable Bank Guarantee as per Annexure - XII

- b) The value of S.D will be as follows:
- for tenders with any plus percentage and up to minus 5% over departmental value 2% of the contract value.
 - for tenders with minus 5% and up to (-) 15% over departmental value 4% of contract value
 - For tenders received with 15 to 20% less than the departmental value, the successful tenderer should remit 50% of the difference between the departmental value and the value of tenders as additional Security Deposit
- 8) Recovery to be made for Non-compliance to Schedule of work / Mandatory Duties are furnished in the **Annexure VII**. Tenderers are requested to take note of the details. The above details will be incorporated in the contract documents while executing agreement.
- 9) All Taxes such as GST, etc. and other levies payable by the contractor under the contract or for any other cause shall be included in the rates, prices and total quoted rates submitted by the tenderer Any statutory variations in taxes, which take effect from a date subsequent to the due date for receipt of tender, shall be to TWAD Board's Account.
- 10) The rate quoted by the contractor shall include payment for labour welfare measures like ESI, EPF, Workers' Insurance and any other item essential. The model estimate annexed as Annexure I shall be referred before quoting for the tender. Initially ESI @ 3.25 % and EPF @ 13.00 % will be with hold and the same will be released against the proof of evidence, having paid the above amount for all the Maintenance personals engaged as per agreement
- 11) **Tender Validity**
- Tenders shall remain valid for a period of not less than **ninety days (90 days)** after the deadline date for Tender submission. A tender valid for a shorter period shall be rejected by the Employer as non-responsive.
- 12) Tenders with conditions are liable for rejection.
- 13) **Site Visit:**
- The Bidders should visit the entire sites / areas of work involved in operation and maintenance of the CWSS at his own cost and obtain his own information regarding the scheme and also collect details of Habitations served before quoting for the tender. The role of TWAD Board is given in the **Annexure - VIII**.
- 14) The Date of commencement of this programme will be the date of acceptance of tender by the competent authority. However, the date of commencement of operation and maintenance work is contingent upon the handing over of the CWSS for maintenance by the concerned Executive Engineer of TWAD Board maintaining the CWSS to the contractor .The period of contract maintenance will be reckoned from the date of handing over and taking over of the scheme for maintenance by the concerned Executive Engineer of TWAD Board and the contractor respectively.

Date of commencement of operation & maintenance contract	Period of contract
01.04.2020 to 31.03.2021	12 Months

- 15) The revised minimized pattern of maintenance personnel proposed for the O&M of CWSS by TWAD Board may be arrived as per revised BP Ms.No:5 dated: 22.02.2018. However, for estimate purpose the working days for one month may be adopted as 30 days for arriving at the cost of Labour charges per month, so as to ensure continuous operation and maintenance of CWSS and daily supply without any break by the outsourcing agency

2	H.T.Structure, Transformer yard and Transformers:				
2.1	Cleaning of transformer yard, removal of grass and plants	<input type="checkbox"/>			
2.2	Check up and water the earth pits		<input type="checkbox"/>		
2.3	Meggar - earth resistance check in the earth pits				<input type="checkbox"/>
2.4	Check and operate the AB switch in the structure for its smooth operation and replace contacts if necessary		<input type="checkbox"/>		
2.5	Check up dropout fuses and H.G. fuses and replace if necessary	<input type="checkbox"/>			
2.6	Check up insulators and lightning arrestor in the structure and replace if necessary			<input type="checkbox"/>	
2.7	Check the transformer for any leakage of oil and top up if necessary		<input type="checkbox"/>		
2.8	Check the temperature of transformer oil from dial thermometer and record		<input type="checkbox"/>		

Item No.	Description of work	Daily	Weekly	Fort-nightly	Monthly
3	H.T. Panel:				
3.1	Clean the panel externally and internally using blower	<input type="checkbox"/>			
3.2	Carryout visual check of observe over all condition of the breakers and clean the breakers thoroughly	<input type="checkbox"/>			
3.3	Grease / Oil joints and sliding surfaces			<input type="checkbox"/>	
3.4	Check the internal connections			<input type="checkbox"/>	
3.5	Check the operations of doors and conditions of door gasket			<input type="checkbox"/>	
3.6	Check Volt Meter, Ammeter etc. in the panel for its working and replace if necessary	<input type="checkbox"/>			
3.7	Check all the indicator lamp and control fuses and replace if necessary	<input type="checkbox"/>			
3.8	Check the operation of relays			<input type="checkbox"/>	
4	LT Panel :				
4.1	Clean the panel externally and internally using blower	<input type="checkbox"/>			
4.2	Check all the connections for tightness			<input type="checkbox"/>	
4.3	Check the contacts switches for tightness and apply petroleum jelly if necessary			<input type="checkbox"/>	
4.4	Check Volt Meter Ammeter and respective P.T. and CTS for its working and connection	<input type="checkbox"/>			
4.5	Check all the indicator lamp bulbs and fuses and replace if necessary		<input type="checkbox"/>		
4.6	Check operation of all switches and bush buttons		<input type="checkbox"/>		
5	CAPACITORS:				
5.1	Check all the capacitors for oil leakage if any	<input type="checkbox"/>			
5.2	Clean the insulator with dry cloth and check the connections for tightness			<input type="checkbox"/>	
5.3	Check the fuses and meg gar the units.	<input type="checkbox"/>			
6	MOTORS:				
6.1	Clean the motor terminal box, check the cable connection to tightness	<input type="checkbox"/>			
6.2	Check body of the motor for firm connection			<input type="checkbox"/>	

Item No.	Description of work	Daily	Weekly	Fort-nightly	Monthly
6.3	Check the foundation bolt and nut for tightness	<input type="checkbox"/>			
6.4	Check normal sound and vibration	<input type="checkbox"/>			
6.5	Check the bearing grease and replace if necessary				<input type="checkbox"/>
6.6	Check air cooling fan for vibration and noise				<input type="checkbox"/>
6.7	Check meggar test for windings and earth				<input type="checkbox"/>
6.8	Cleaning of motor slipring, carbon brush, contacts and replace if necessary		<input type="checkbox"/>		
7.0	STARTERS AND OCB				
7.1	Clean the starter and check up the cable connection	<input type="checkbox"/>			
7.2	Check contacts and replace if necessary		<input type="checkbox"/>		
7.3	Check for cable connection		<input type="checkbox"/>		
7.4	Check for OLR and No volt coil		<input type="checkbox"/>		
7.5	Check the level of transformer oil in the OCB and top up if necessary			<input type="checkbox"/>	
8.0	MAIN PUMPS				
8.1	Outside Cleaning	<input type="checkbox"/>			
8.2	Check Bearing Temperature	<input type="checkbox"/>			
8.3	Check & Top up Bearing grease or replace grease				
8.4	Check gland for leak and add gland layer if required	<input type="checkbox"/>			
8.5	Replace gland packing completely				<input type="checkbox"/>
8.6	Check foundation nuts and bolts for tightness and rusting		<input type="checkbox"/>		
8.7	Check inspection covers and check condition of impeller				<input type="checkbox"/>
8.8	Check the pressure and pressure gauges on suction and delivery side	<input type="checkbox"/>			
8.9	Clean the pump pit and pump floor	<input type="checkbox"/>			
8.10	Check for coupling Bolts and nuts, coupling tyre and replace the tyre if required		<input type="checkbox"/>		
8.11	Check for vibration and noise of the pump	<input type="checkbox"/>			
8.12	Pump out leaked water from the pump pit	<input type="checkbox"/>			

Item No.	Description of work	Daily	Weekly	Fort-nightly	Monthly
8.13	Check the condition of bearing oil and replace if required			<input type="checkbox"/>	
9	SUMP PUMP				
9.1	Check the pump for operation	<input type="checkbox"/>			
9.2	Check the coupling and replace if necessary			<input type="checkbox"/>	
9.3	Clean the starter panel externally and internally	<input type="checkbox"/>			
9.4	Check the fuses and contacts, apply petroleum jelly if necessary		<input type="checkbox"/>		
9.5	Check the foot valve and replace if necessary	<input type="checkbox"/>			
10	Diesel Generator Set, Battery and Emergency light:				
10.1	Clean the Battery, top up, distilled water in the battery if necessary	<input type="checkbox"/>			
10.2	Remove the connection of battery terminals, clean thoroughly and reconnect after applying petroleum jelly		<input type="checkbox"/>		
10.3	Clean the emergency lights internally and externally	<input type="checkbox"/>			
10.4	Check the light, indicator lamp for its proper working and attend if necessary		<input type="checkbox"/>		
10.5	Check fuel level in the diesel tank of DG set and top up if necessary		<input type="checkbox"/>		
10.6	Check engine oil level in the D.G. set and add if necessary			<input type="checkbox"/>	<input type="checkbox"/>
11	OHT CRANES:				
11.1	Carry out thorough cleaning of crane including girders, trolley, platform other equipments and control panels			<input type="checkbox"/>	
11.2	Check all the cable connections for tightness		<input type="checkbox"/>		
11.3	Check contacts and fuses and replace if necessary		<input type="checkbox"/>		
11.4	Inspect gearbox for any leakage of oil				<input type="checkbox"/>
11.5	Check the connection of limit switch				<input type="checkbox"/>
11.6	Check panels internally and externally and apply petroleum jelly if required				<input type="checkbox"/>
11.7	Check the rope and apply grease if required				<input type="checkbox"/>

Item No.	Description of work	Daily	Weekly	Fort-nightly	Monthly
12	SUCTION & DELIVERY VALVES AND ACTUATOR:				
12.1	Check the condition of gland packing and tighten or replace if necessary	<input type="checkbox"/>			
12.2	Check actuator gear box for leakage		<input type="checkbox"/>		
12.3	Check the condition of limit switches			<input type="checkbox"/>	
12.4	Check the condition of oil and grease, replace if necessary			<input type="checkbox"/>	
12.5	Check the bolts and nuts for tightness			<input type="checkbox"/>	
12.6	Check cable terminals at motor terminal box of actuator			<input type="checkbox"/>	
12.7	Check clutch and gear arrangement for manual operation				<input type="checkbox"/>
12.8	Apply grease to the spindle if necessary			<input type="checkbox"/>	
12.9	Check for free movement			<input type="checkbox"/>	
13	PIPELINE:				
13.1	Check the pumping main, branch pumping main, feeder main for any leak / burst / damage	<input type="checkbox"/>			
13.2	Scouring off the pipeline periodically to remove possible silt deposits.				<input type="checkbox"/>
14.0	VALVES:				
14.1	Check the operation of non-return valve	<input type="checkbox"/>			
14.2	Check the disc for its smooth opening and closing operation		<input type="checkbox"/>		
14.3	Check the sluice valves	<input type="checkbox"/>			
14.4	Check the air valves	<input type="checkbox"/>			
14.5	Check the scour valves				<input type="checkbox"/>
15	SUMP:				
15.1	Check the cleaning				<input type="checkbox"/>

ANNEXURE - III
EQUIPMENTS AND TOOLS TO BE MADE AVAILABLE
AT EACH PUMPING STATION

Sl. No.	Description	Set / No.
1	Double end spanner (6 mm to 32 mm)	1 set
2	Screw driver (6", 8", 12")	1 set
3	Pipe wrench (14", 18", 24")	1 set
4	Cutting pliers	1 set
5	Long nose pliers	1 No.
6	Hammer (2 Kgs)	1 No.
7	Test lamp with 15m wire	1 No.
8	Megger (1000 V)	1 No.
9	Multimeter	1 No.
10	Tong tester	1 No.
11	Hacksaw frame with 3 nos. blade	1 No.
12	Spade (Manwetty)	2 Nos.
13	Crow bar	1 No.
14	Sickles	2 Nos.
15	Ring spanner (6mm to 32mm)	1 set
16	Caution Board (Men at work)	1 No.
17	Grass cutter	1 No.
18	Country knife	2 Nos.
19	Iron chutty	2 Nos.
20	Grease gun	1 No.
21	Wheel barrow	1 No.
22	Torch light with 3 cells	2 Nos.
23	Hand blower	1 No.
24	Iron Bucket with Mug	1 No.

ANNEXURE - IV
LIST OF MINOR REPAIRS TO BE ATTENDED

Minor repairs noticed in the maintenance of scheme should be reported to the AE / AEE in charge of the CWSS without any time lapse. The rectification work has to be carried out immediately as per the direction of the AE / AEE. Necessary entry for the repairs carried out has to be made in the Log Book concerned.

Electrical Works

1. Replacement of H.G. Fuses
2. Replacement of jumpers
3. Replacement of insulator (porcelain) – one phase
4. Replacement of A-B switch – one phase
5. Replacement of no-volt coil for A.C.B. and O.C.B.
6. Replacement of jumper with socket inside the panel
7. Replacement of cable lugs including terminations
8. Replacement of burnt-out H.R.C. fuses
9. Replacement of moving and fixed contacts or contactors Repairs to isolators

Pumpsets

1. Replacement of coupling bolt & nuts including rubber bushes
2. Replacement of worn-out impeller nut
3. Replacement of spindle nut in the sluice valve
4. Replacement of terminal plate in the motor
5. Replacement of carbon brushes and brush holder

Valves

1. Replacement of spindle nut in sluice valves
2. Replacement of glands in valves
3. Replacement of ball in air valves

DG Set

1. Replacement of burnt-out spares in the battery charger of D.G.
2. Rewinding of self-starter in the case of D.G.
3. Replacement of repairing of cut-out of D.G.

General

Replacement of bulb, choke, starter, etc.

Note: The old parts which have been replaced should be returned to the Board wherever applicable.

ANNEXURE - V
SAFETY MEASURES TO BE ADHERED TO

- 1) All electrical safety equipments like hand gloves, testers and other electrical needs are to be provided by the contractor in the Pumping Stations as stated below:

Sl. No.	Name of Equipment	For	
		HT supply	LT supply
1	Safety belt with rope	2 Nos.	1 No.
2	Gas Mask	1 No.	1 No.
3	Shock proof hand gloves (11 KV grade gloves)	1 Pair	1 Pair
4	Disposable hand gloves	2 Pairs	2 Pairs
5	Gum boot	2 Pairs	1 Pair
6	Electrical line tester	1 No.	1 No.
7	Earth discharge rod	1 No.	1 No.
8	First Aid Box	1 No.	1 No.
9	Emergency light	1 No.	1 No.
10	Fire Extinguisher	2 Nos.	1 No.
11.	Rubber Mat of suitable size	as per requirement	

Note: The above is only an illustrative minimum list. The contractor must note that it is their responsibility to ensure the lives and safety of the workers employed by them. Towards this end, all the equipments of appropriate specifications should be procured and made available to the workers in usable conditions throughout the period of contract. Responsibility for any health problem or death will solely rest with contractor.

- 2) Only experienced, skilled people have to be employed by the contractor
- 3) Safety belts, ropes, Gas mask, Torch lights, are to be provided by the contractor for labours who get into wells.
- 4) All personnel engaged in maintenance works should be covered by insurance under workmen compensation act.
- 5) All labour act provisions has to be met with.
- 6) Exhibit labels of "SAFETY FIRST"
- 7) First Aid Box should made available within the reach of the staff in all Pump Rooms and Booster Stations.
- 8) All medicines should be kept in the first aid box.
- 9) First Aid Chart should be displayed in the Pump Rooms.

ANNEXURE - VI
CONTRACT LABOUR WELFARE

The rights and benefits conferred on the workmen employed by the contractor under the provisions of various Labour Laws are the responsibility of the contractor. The contractor has to indemnify the TWAD Board in case of loss or any damages. It is the responsibility of the contractor to take insurance policy under Workmen's Compensation Act, 1923 for each labour engaged by the contractor. The contractor will be responsible for any deficiency of safety measures to be adhered as stipulated in Annexure V. A photocopy of the insurance under workmen's compensation Policy should be furnished to the Board. The policies should be kept alive till completion of the contract.

The contractor shall adhere to following Laws wherever applicable

- a) Workmen Compensation Act, 1923
- b) Payment of Wages Act, 1936
- c) Industrial Disputes Act, 1947
- d) Minimum Wages Act, 1948
- e) Factories Act, 1948
- f) Employees PF and Miscellaneous Act, 1952
- g) Payment of Bonus Act, 1965
- h) Payment of Gratuity Act, 1972
- i) Equal Remuneration Act, 1979
- j) Maternity Benefit Act 1951
- k) Contract Labour (Regulation & Abolition) Act 1970
- l) Industrial Employment (Standing Orders) Act 1946
- m) Trade Unions Act 1926
- n) Child Labour (Prohibition & Regulation) Act 1986
- o) Inter-State Migrant workmen's (Regulation of Employment & Conditions of Service) Act 1979
- p) The Building and Other Construction workers (Regulation of Employment and Conditions of Service) Act 1996 and the Cess Act of 1996.
- q) Employee State Insurance Act, 1948
- r) The Tamil Nadu Manual Workers (Regulation of Employment and Conditions of Work) Act, 1982.
- s) The Bonded Labour System (Abolition) Act, 1976
- t) The Employer's Liability Act, 1938

ANNEXURE - VII
PENALTY FOR NON-COMPLIANCE TO SCHEDULE
OF WORK / MANDATORY DUTIES

If the contractor fails to carry out any work or part of work/mandatory duties, the Board shall have the power to carry out such parts of work departmentally and recover such amount including 10% as the supervision charges from the progressive bills.

If the absentees of total labour are less than 20% mandays, recovery to be made at 1.5 times of labour rate (as per TWAD SOR of the current year for respective category) for first week and at 2 times for the second to fourth week. If the absenteeism continued beyond fourth week and also absenteeism is more than 20% action to be initiated for termination of labour contract by giving prior notice.

ANNEXURE - VIII
ROLE OF TWAD BOARD

1. A joint inspection will be had by TWAD Board with the contractor or his representative before handing over of the CWSS for maintenance.
2. The Executive Engineer to furnish the salient details and flow diagram of the CWSS to the contractor along with the list of habitations covered under the scope of this CWSS and the earmarked supply to them
3. To check the number of employees engaged by the contractor as per agreement.
4. The Executive Engineers shall inspect/check the salary register maintained by the contractor on or before 10th day of every succeeding month for which the salary is paid, to verify whether the workmen of the contractor are paid statutory wages due to the labour.
5. If the contractor fails to make any payments that may be due to their workmen/ labour and as a consequence, the principal employer, the Board is called upon as required to pay the same the said payment shall be recovered from the contractor from his dues, monthly running bills or otherwise or from his assets as may be decided by the Executive Engineer.
6. The breach of any of the terms of the agreement shall entitle the Board to terminate the contract immediately without any notice, as also withholding of the dues payable to the contractor and the security deposit by the contractor till the amounts due to the Board are recovered. In addition to this, the field officers/Assistant Accounts Officers/Executive Engineers should ensure that all the statutory requirements as per the licence issued by the competent authority and all the requirements of the Contract Labour (Regulation & Abolition) Act have been complied with by the contractor and a certificate to that effect maybe directed to be incorporated by the concerned officer along with the running bills of the contractor when the bill is sent for passing/sanction before the competent authority. This is the only way to secure compliance of the terms of the contract labour (Regulation & Abolition) Act and the licence issued thereunder by the competent authority, by fixing responsibility for the verification thereof on the concerned officers of the Board.
7. TWAD Engineers shall closely monitor the Power Factor. If variation is noticed, suitable direction has to be given to the contractor to improve the Power Factor.
8. Power consumption charges will be paid by TWAD Board.
9. TWAD Board will arrange to provide the Telephone connection in the premises wherever found necessary and the entire telephone charges including the rent shall be paid by TWAD Board.
10. To conduct regular inspection to ascertain the effective functioning of system through Engineers of TWAD Board.
11. Payment will be processed on monthly basis on receipt of bills from the contractor by following Board's procedures.
12. The spares, grease, waste, glands for valves and fuse wires will be provided by the department.
13. If Diesel Generator (DG) set is maintained, supply of Diesel and Engine Oil etc. for DG set will be made available by TWAD Board.

ANNEXURE - IX
PAYMENT

Payment will be processed and paid to the contractor on monthly basis by following Board's procedures.

The Executive Engineer on behalf of the Board shall recover any amount due from the contractor to the Board from monthly running bills of the contractor before effecting payment of his dues.

Any losses or damages to the properties of TWAD Board caused either due to slackness on the part of the contractor or his employees or due to improper operation of the system will be recovered from the contractor's bill of the subsequent month.

If the contractor fails to effect supply of the designed quantity to the habitations under the scope of this contract, unless and otherwise the cause is due to insufficient yield in sources, Power Supply, any natural calamity or any other reasons genuinely acceptable to the Executive Engineer, recovery will be made from the bill proportionate to the short supply against the earmarked supply.

Payment for the value of work completed in a satisfactory manner as per agreement will be paid. However, 5% (Five percent) of the value of work completed as per agreement will be withheld in every part payment. The 5% (five) of bill amount already withheld in the part bills will be released in the final bill and 2.5% (two and half) of the amount towards additional Security will be recovered in the final bill.

The above 2.5% amount towards additional Security deposit recovered in the final bill will be released after completing Six (6) months from the date of completion of work.

Income tax recovery:

During the course of the contract period, deduction of income tax shall be made at the prevailing rates from every payment as may be specified by the Income Tax Department

ANNEXURE – X
SPECIAL CONDITIONS

- 1) Ensuring that adequate manpower is available round the clock to carry out the agreed tasks and to prevent entry of unauthorized persons.
- 2) The contractor should furnish the list of employees, with their names, proposed to be employed by him. Unauthorized persons other than reported should not enter in the scheme's premises in the capacity as agent etc., But the substitute of an employee could be permitted with specific orders.
- 3) No employee of the contractor shall stake claim for employment in TWAD Board at any point of time because of having worked as labourer in this CWSS. The contractor shall get an undertaking from his employee to this effect and furnish it to the Executive Engineer
- 4) The contractor should employ only skilled and qualified persons to ensure proper operation and maintenance of the CWSS
- 5) Any problem in the motor and pumps, electrical main boards and fixtures, leaks and burst if any occurred in the pipe line, leaks and repairs in valves and any other damages caused to the water supply system should be brought to the notice of the Assistant Engineer / Assistant Executive Engineer immediately and initiate action for the restoration of water supply. Necessary entry should be made in the register.
- 6) Log sheet of pumping should be sent to the Assistant Executive Engineer, TWAD Board on the 26th day of every month (from 26th of the previous month to 25th of current month) without fail along with bill claims.
- 7) Any alternation / additions if needed to the existing arrangements, both in electrical and mechanical installations should be attended only after proper approval from the Executive Engineer.
- 8) Any public representatives (Panchayat President, Union Chairman, District Chairman, M.L.A., M.P. or any other socially responsible approaches in connection with water supply problems they should be treated courteously and proper reply should be given.
- 9) No advance payment will be made.
- 10) Employment of child labour is forbidden
- 11) If the employees sustain any injury while on duty due to accidents, no compensation will be paid by the TWAD Board.
- 12) The contractors shall be fully responsible for operating and maintaining the scheme in a safe & secure manner.
- 13) The consumables required for this scheme will be supplied by the Department every month free of cost and acknowledgement to be given to TWAD Board Officers by the Contractor.
- 14) In respect of leaks in DI / MS / CI / PVC and GI pipes earth work excavation will be carried out departmentally. The Contractor has to extend all the required co-operation for the leak rectification works.

- 15) The contractor should ensure designed quantity of supply to all the beneficiaries. Contractor should maintain register showing the quantity of water delivered to each panchayat, duly signed by a responsible person of the local body concerned.

- 16) Subletting of contract:

Transfer of the contract is not permissible on any ground. However, the supplier / contractor shall sublet any portion of the contract only with the written consent of the Engineer in charge. It should be clearly understood that any subletting shall in no way absolve the contractor of its/ his responsibilities and obligations under this contract.

- 17) Recovery of money payable to the TWAD Board:

All losses, costs, damages and expenses and other money payable to the Board by the contractor under any stipulation in the contract, may be retained out of any money due or which may subsequently become due from the Board to the contractor under any contract or otherwise howsoever and in case such money then due or to become due to the contractor by the Board shall be insufficient to pay such losses, costs, damages, and other money payable to the Board by the contractor, it shall be lawful for the Engineer in charge without any further consent on the part of the contractor, to sell or dispose of any or all the government promissory notes for the securities deposited in the Board by the contractor as aforesaid and with and out of the proceeds of such sale, after payment of all expenses connected therewith or reimburse and pay to the Board all such losses, cost, damages and expenses and other money payable to the contractor. And in case such proceeds of sale of the said government promissory notes or securities shall be insufficient for such purpose then and in that case it shall be lawful for the Board to recover the residue thereof if necessary by legal proceedings and or by resorting to revenue recovery act against the contractor.

- 18) As per provision of the Contract Labour (Regulation and Abolition) Act 1970, (hereinafter referred to as the said act) Section 7 provides that the principal employer employing 20 or more contract labour as well as any contractor employing 20 or more workman shall mandatorily register themselves as principal employer and the contractor shall secure a licence under the said Act.

- 19) The Executive Engineer concerned or any other official who is in charge of maintenance of Water Supply Schemes, as the case may be, be directed to ensure that both the Board and the contractor are registered under the Act aforesaid.

The following clauses need to be added to the Tender / Agreement.

- 20) The agreement between the parties shall be for a period of 3 months, provided the contractor has in his possession a valid license under the Contract Labour (Regulation and Abolition) Act.
- 21) If the contractor does not have a valid license under the Act as aforesaid, then the agreement between the parties shall be terminated by the Board without any intimation or notice.
- 22) At the time of signing of the agreement between the parties, the contractor shall possess a valid license under the Provisions of the Contract Labour (Regulation and Abolition) Act 1970 giving details of the work for which the contract labour is allowed to be supplied, details of the period of license and the number of labours allowed to be supplied by the contractor.

- 23) If, at the time of signing of the agreement, the contractor is unable to produce a valid license under the Contract Labour Act as aforesaid, he shall be deemed to be not eligible for the award of the contract and the contract shall be awarded to the next eligible tenderer.
- 24) **It is expressly understood between the parties that the labour supplied by the contractor are the workman of the contractor and the Board has neither any privity of contract nor any employer-employee relation with them.**
- 25) The contractor shall obey all the provisions of various laws including Labour Laws as applicable to them. If the Board suffer any consequences of whatsoever nature, monetary or otherwise, as a result of direct or indirect action or inaction of the contractor in failing to comply with or not properly complying with any law, rules, regulations, notifications, instructions, circulars, G.Os, Board Proceedings, etc. issued by the Government or Board or any other authority as applicable to them as mandated by the law or otherwise, the said laws shall be computed in terms of money and recovered from the contractor.
- 26) The contractor shall pay statutory minimum wages to the workmen deployed to the Board.
- 27) The Principle Employer and the contractor will follow all the provisions of the Contract Labour (Regulation and Abolition) Act 1970 and the Tamilnadu Contract Labour (Regulation and Abolition) Rules 1975.

- i. The periodical collection of water samples and sending to District water testing laboratories by the contractor as instructed by the filed engineers at free of cost.
- ii. In order to ensure, water supply to all the beneficiaries, the following payment schedule will be adopted for making payment to the contractor.
 - 20 % of the BOQ/Agt value on pumping of the Earmarked Quantity + Transmission loss at Head works / Treatment Plant.
 - 20 % of the BOQ/Agt value of production of the evidence for having engaged the required number of labourers. Failing which the payment will be made only for the labours engaged actually.
 - 20% of the payment on ensuring supply of Earmarked Quantity for the initial reach beneficiaries fixed by the concerned Executive Engineer for the particular scheme.
 - 20 % of the payment on ensuring supply of Earmarked Quantity for the intermediate reach beneficiaries fixed by the concerned Executive Engineer for the particular scheme.
 - 20 % of the payment on ensuring supply of Earmarked Quantity for the tail end beneficiaries fixed by the concerned Executive Engineer for the particular scheme.
 - In case of ascertaining any short supply by the filed Engineers in quantity of supply to be made to the Beneficiaries, then 90 % of the payment only will be made proportionately, (Initial, Intermediate & Tail end reaches as finalized by the Executive Engineers of the concerned scheme / package) as follows.

<u>" Bill Claim amount for supply based portion of BOQ / Agt</u>	<u>90% x (BOQ/Agt.value for the reaches concerned) x (Served qty in KL / Earmarked qty in KL)</u>
---	--

- iii. The contractor should attend the leaks & bursts and other Pumpsets / Electrical faults immediately in order to pump the Earmarked / Designed quantity to all the habitations as per the DPR.

ANNEXURE - XI
FORMAT FOR EVIDENCE OF ACCESS TO OR AVAILABILITY OF CREDIT
FACILITIES – CLAUSE 7.1.9

BANK CERTIFICATE

This is to certify that M/s. _____ is
a reputed company with a good financial standing.

If the contract for the work, namely, _____ is
awarded to the above firm, we shall be able to provide over draft / credit facilities to the
extent of Rs. _____ to meet their working capital requirements for executing
the above contract.

ANNEXURE XII

PERFORMANCE BANK GUARANTEE (UNCONDITIONAL)

To

The Executive Engineer, TWAD Board, Maintenance Division, Dindigul

_____ (Name of Employer)

_____ (Address of employer)

WHEREAS _____ (Name and address of contractor) (hereinafter called "The Contractor" has undertaken, in pursuance of contract No. _____ dated _____ to execute _____ (Name of contract and brief description of work) hereinafter called "the contract"

AND WHEREAS it has been stipulated by you in the said contract that the contractor shall furnish you with a Bank Guarantee by a recognized Bank for the sum specified therein, as security for compliance with his obligations in accordance with the contract.

AND WHEREAS the contractor has requested us to give the Bank Guarantee.

AND WHEREAS we have agreed to give the contractor such a Bank Guarantee unconditionally and irrevocably to guarantee as primary obligator and not as mere surety, all the payments to the _____

NOW THEREFORE we hereby affirm that we are the Guarantor and responsible to you, on behalf of the contractor, upto a total of _____ (amount of guarantee) _____ (amount in words such being payable in the types and proportion of currencies in which the contract price is payable, and we are undertake to pay you unconditionally and irrevocably upon your first written demand and without cavil or argument, any sum or sums within the limit of _____ (amount of guarantee) as aforesaid without you needing to prove or to show grounds or reasons for your demand for the sum specified therein.

We hereby waive the necessity of your demanding the said debt from the contractor.

Contractor

Sd/- Executive Engineer, TWAD Board
